SEE THE BIG PICTURE WITH ULTRA-WIDE VIEWING

Keep watch over what matters most in 1080p HD. Capture the entire scene with Ultra-Wide viewing cameras, making it easy to monitor large areas with a single camera.

FEATURES:

- High definition 1080p image sensor
- Ultra-Wide field of view captures the entire scene for superior coverage
- Night vision range up to 90ft (27m) in ambient lighting and 60ft (18m) in total darkness
- Close up recognition in the dark with SmartIR
- Infrared cut filter ensures accurate color representation
- Anti-glare feature ensures clear images under strong lighting conditions
- Split glass design minimizes IR reflection
- Versatile ceiling or wall mounting options
- Vandal resistant design with cable pass-through bracket and durable Polycarbonate construction
- UL compliant cable suitable for surface and in-wall installation
- Weatherproof for outdoor & indoor installation (IP66 Rated)

1080p HD Resolution 90/60 FT Night Vision Ultra-Wide Field of View Indoor/outdoor
Specifications

1 1080p HD cameras are compatible with Lorex 1080p HD DVRs only. For a list of compatible recorders please visit lorextechnology.com/support.

2. Stated IR illumination range is based on ideal conditions in typical outdoor night time ambient lighting and in total darkness. Actual range and image clarity depends on installation location, viewing area, and light reflection/absorption level of object. In low light, the camera will switch to black and white.
