Quick Connection Guide

Using the mouse

1. Left-click:
   - During split-screen display mode: Click an individual channel to view it in full-screen. Click again to return to the split-screen display mode.
   - While navigating menus: Click to open a menu option.

2. Right-click:
   - During live view: Right-click anywhere on the screen to open the Quick Menu.
   - Within system menus: Right-click to exit menus.

Adding cameras from the LAN

Follow the steps below to add cameras that are not directly connected to the Power over Ethernet (PoE) ports on the back of the NVR.

1. Connect the camera to a router or switch on the same network as the NVR.
2. Right-click and select Device Search. Log in using the admin account (default User Name: admin, default Password: 000000).
3. Click Device Search.
4. Check the camera(s) you would like to add.
5. Click Add. The Status indicator turns green to show the camera is successfully connected.
6. Click OK to save changes.

NOTE: Please visit www.lorextechnology.com/support for a list of compatible Lorex IP cameras.

Setting the date and time

It is important to set the correct time to ensure accurate time stamps on video recordings.

1. In live view, right-click and click Main Menu.
2. Log in using the system user name (default: admin) and password (default: 000000).
3. Click General and select the Date&Time tab.

   - Check DST to enable auto Daylight Savings Time updates (Optional) Check NTP to sync your system with an Internet time server.
   - Click Manual Update to instantly update the time.

NOTE: A constant Internet connection is required to use NTP

Playback and search

1. From live view, right-click and then click Search.
2. Log in using the system user name (default: admin) and password (default: 000000).
3. Use the calendar on the right to select the date to playback.
4. Use the drop-down menus to select the channels you would like to playback. Click the display options ( ) to playback multiple channels simultaneously.
5. Click inside the video bar to select the playback time. Playback starts immediately at the selected time.

Using the Quick Menu

Right-click to open the Quick Menu.

Select camera/live display view
Control PTZ cameras (not included)
